

Exam Review Rules

(Prof. Benjamin Scheibehenne)

- In case you object our grading, write down your comment on the feedback sheet that we provide you with. Professor Scheibehenne will review your comments, and we will respond via email (student email address) in due time.
- Please write specific comments (e.g., "Question 1: 0.5 points missing, due to..."), avoid general claims (e.g., "Why do I not have the full score?")
- Write down your comments in a way so that we can read it.
- Please refrain from arguing or haggling with the employees in the room.
- During the exam review, you will receive your exam copy, a feedback sheet (if needed) and a purple pen to fill out the feedback sheet (if needed). Please note that the use of other pens or other aids is prohibited.
- Please contribute to a concentrated atmosphere by remaining silent during the exam review.
- You have 30 minutes to review your exam.

Thank you very much for your support.
